We are here in
BLACKFOOT
serving you **5** days a
week

We are here to **HELP** you get out of pain

Why choose Advanced Foot and Ankle Center?

- **Foot specialists.** We specialize in feet and ankles. Dr. Williams has had extensive training in diagnosing and treating all foot and ankle disorders. He also has had additional training in foot surgery.
- **Knowledgeable staff.** Our staff is knowledgeable and willing to explain things to you so that no question is left unanswered.
- **Short wait.** You will rarely wait longer than 10 minutes to see the doctor. We value your time.
- **Thorough explanation.** Dr. Williams will take the extra time to explain your diagnosis. He will tell you what you can do to keep your feet and ankles healthy.
- **Education.** After your visit, you will leave with information explaining how to ease your pain.
- **Open 5 days a week.** We are here to serve your Monday through Friday, 9:00 a.m. to 5:00 p.m.
- **Conveniently located.** Right across the street from Bingham Memorial Hospital. See map.
- **In-house X-rays.** No need to go elsewhere.
- **Solutions.** We offer surgical and nonsurgical solutions for ALL foot and ankle problems. Our goal is to get you pain-free...quickly!
- **Most insurances accepted.** Including Medicare and Medicaid.
